

Tired of digging for information on
your software and other IT assets?

>>> Make your life easier with Managed Planet IT Asset Extensions for LANDesk.

WHEN IT COMES TO SOFTWARE AND IT ASSET MANAGEMENT:

How fast can you find all your vendor warranty and serial number information?

Do you know what to budget for next year?

How many of your PCs are out of warranty?

Do you need to inventory and track network devices like printers?

Do you need to barcode-scan your IT assets?

How easy can you normalize and simplify your IT asset data?

NEW MANAGED PLANET EXTENSIONS HELP YOU:

- Better manage software and hardware costs.
- Mitigate compliance risks.
- Make smart decisions on purchasing, licensing and upgrades.
- Improve business analytics and reporting.
